

Cushion Link Open Top

Modular Anti-fatigue System

Features

Modular anti-fatigue system. The ultimate for ergonomic comfort and safety in heavy duty dry or wet industrial applications, including food areas. This adaptable system is open top to manage fluids and swarf dispersal. Supplied in 6 finishes from grease resistant and aggressive anti-slip, to antibacterial for kitchen environments.

- Mats can be interlocked and edged using the simple bevel system to create any mat size and shape.
- Open top allows liquids to drain away, leaving a safe work surface.
- Compatible with Cushion Link Closed Top system.
- Manufactured from high quality resilient rubber compounds, resistant to extreme temperatures and most chemicals.
