

# ESD Kumfi Pebble

Static Dissipative Anti-fatigue

## Features

Anti-fatigue vinyl sponge matting designed to provide dissipative/anti-static protection in light duty applications. Top surface diamond-plate design provides good anti-slip protection.

- Ideal for assembly lines, computer rooms, hospitals and photocopy areas.
- Meets IEC 61340-4-1 (category DIF) measured resistance  $R_g 10^6-10^9 \Omega$ .  $R_p 10^6-10^9 \Omega$ .
- Electrostatic charge (walking test) meets ISO6356 and EN1815.
- Non-slip backing keeps the mat from moving on smooth surface flooring.

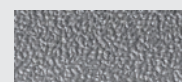

## Product Specification

Material:	Vinyl	
Thickness:	9.4mm	
Environment:	Computer rooms, labs, hospitals, photocopy areas	
Wear Resistance:	Light duty	
Cleaning:	Wash with detergent	
	Code	Size
Mats:	EP2436	60cm x 91cm
	EP3660	91cm x 150cm
Rolls:	EP360	91cm x 18.3m
Cut Lengths:	EP36	91cm wide
