

# Sicky Step Plastic

## Decontamination Control Mats

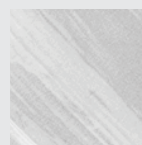

### Features

Sticky Mats help prevent contamination and dirt / dust matter from entering controlled working environments. Wide application use; data centres, pharmaceutical, electronics, aerospace, instrumentation, nuclear and construction industries.

- Anti-microbial adhesive surface removes dirt from shoes, wheels, etc. on contact.
- White grade suitable for hospital use.
- 100% Non-skid adhesive backing secures mat placement and helps prevent under mat contamination.
- Adhesive layers have numbered tabs for easy sheet separation. Peel-off layers for maintaining a clean, fully effective mat at all times.
- 4 mats per pack

### Product Specification

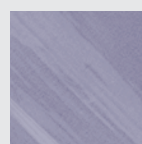

|                         |  |
|-------------------------|--|
| <b>Material:</b>        | Tough, polyethylene film, coated with adhesive |
| <b>Thickness:</b>       | 2mm  |
| <b>Environment:</b>     | Indoor   |
| <b>Wear Resistance:</b> | Medium / Heavy foot traffic                    |
| <b>Cleaning:</b>        | Peel off layer for clean layer below           |
| <b>Code</b>             | <b>Size</b>                                    |
| SP1845                  | 48cm x 110cm                                   |
| SP2436                  | 60cm x 90cm                                    |
| SP3660                  | 90cm x 150cm                                   |
